

Aid and Donation Policy

Anel Elektrik Proje Taahhüt ve Ticaret A.Ş. (ANEL), provided that the regulations of the Capital Markets Board are adhered to, can provide donations and aids with the understanding of corporate social responsibility by prioritizing respect for people, the environment and laws and acting within the ethical rules in accordance with corporate values.

The company may donate and aid to foundations and associations carrying out social responsibility projects, non-governmental organizations, social assistance institutions and organizations, clubs and associations carrying out sports activities, educational institutions and organizations.

ANEL prepares its policy on donations and aid and submits it to the General Assembly for approval. While the partners are informed about the donations and aids made during the period in line with the policy approved by the General Assembly, the upper limit of the donations and aid amounts deemed appropriate for the next period is discussed and resolved at the General Assembly Meeting.
